

## **We want to make business better in Hillsboro.**

By reducing employee commute trips, Westside Transportation Alliance is improving roadway capacity to accommodate growth, promote jobs and increase business vitality.

### **We help your employees drive less.**

You help your employees save money, get more exercise and feel good about coming to work.

### **We bring transportation resources to you.**

You use your staff more efficiently, save time and money.

### **We're your central point of contact for transportation issues.**

You don't have to worry about who to call. We'll connect you to TriMet, carpool programs, bike commuting champions, vanpool and shuttle vendors, DEQ and Business Energy Tax Credits.

### **We have services to suit your needs.**

You may have a quick question over the phone about transit routes. Need a formal plan to comply with DEQ's auto trip reduction mandate. Something in between? No matter your questions or size of your business...

### **We're ready to help.**
