

Save Water, Save Money

WaterSense® Toilet Rebate Form

Review list of eligible toilets. The toilet you purchase must be WaterSense® certified. Visit www.epa.gov/watersense for a complete list of approved models.

Purchase toilet(s) after 7/1/2011. Toilets purchased prior to 7/1/2011 will not be eligible for rebates.

Save receipt. A copy of the dated sales receipt (or invoice) that specifies the toilet brand/model and purchaser's name is required. The toilet brand/model you purchase must match the eligible model list exactly.

Install new toilet. Your toilet must be installed at the property associated with your Hillsboro Water Department account and available for inspection.

Recycle old toilets. Most plumbers recycle. Do-It-Yourselfers can take it to: S & H Landscape Supplies, 1748 NE 25th Hillsboro, OR.

Submit the following items.

(All documentation must be received within 60 days of purchase date or delivery.)

1. WaterSense® Toilet Rebate Form (completed and signed).
2. Toilet sales receipt or invoice (original or copy).

Check our website for a complete list of terms and conditions. www.hillsborowater.org

A High-Efficiency Toilet can save you water and money. For example, replacing a 3.5 gpf toilet with a 1.28 gpf WaterSense® toilet could save as much as 4,000 gallons per year. For a family of 4, that could add up to nearly \$75 in savings each year.

Here are two great reasons to purchase your HET right now:

1. Selecting the right toilet is easy, thanks to WaterSense® - a new program sponsored by the Environmental Protection Agency.
2. The Hillsboro Water Department offers a \$75 rebate to customers who replace a toilet that uses 1.6 or more gpf with a new WaterSense® certified toilet.

I certify that the information I have provided is true and correct. I have purchased the WaterSense® toilet(s) described above for installation at the location indicated and recycled the old toilet. I have not previously received a rebate from Hillsboro Water for a High Efficiency Toilet. I understand that Hillsboro Water reserves the right to inspect the installation for conformity to program requirements, prior to payment of the rebate.
